Music Match Up

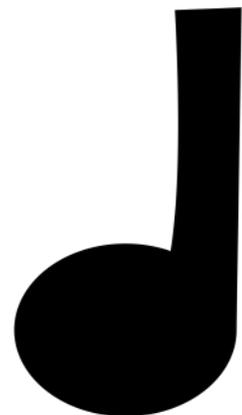

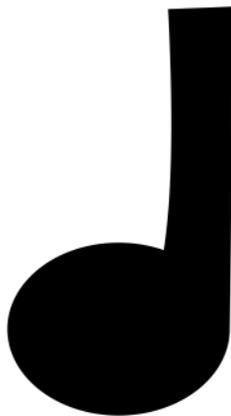

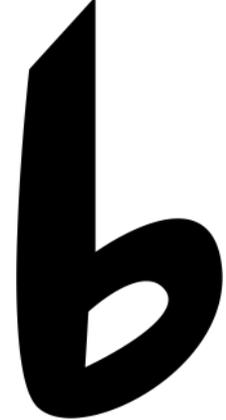

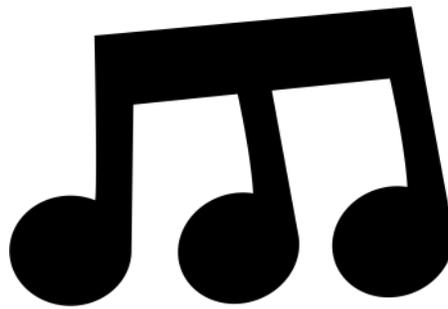

Print pages 4-8 and cut out the individual cards. Place them on the table upside down and each player flips two cards over on each turn. If a match is found, the player claims it, if no match is found the cards are turned back over face down on the table. Play continues until all the matches are found.

The winner is the player with the most matches at the end of the game.

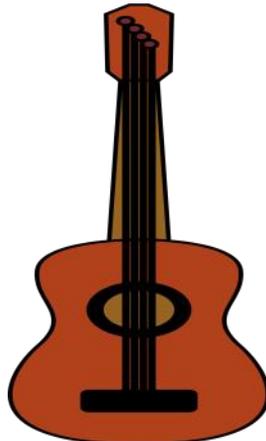

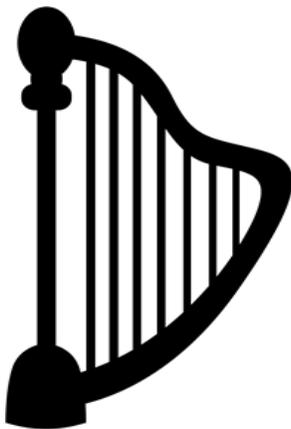

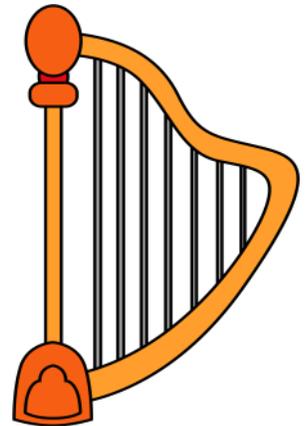

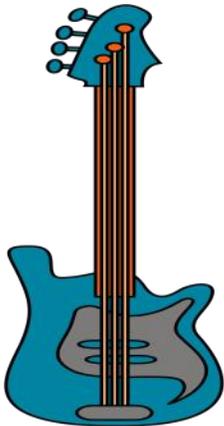

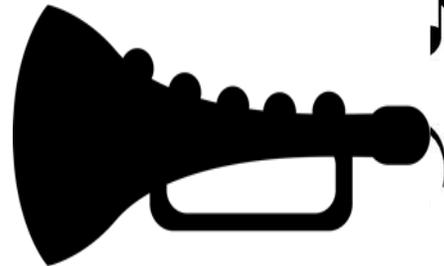

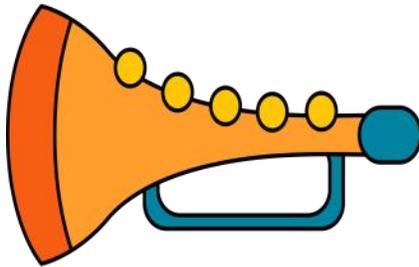

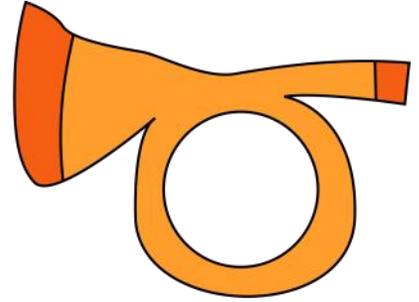

Music Shadow Match

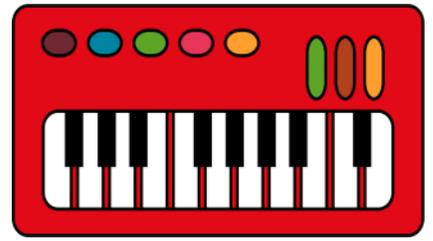

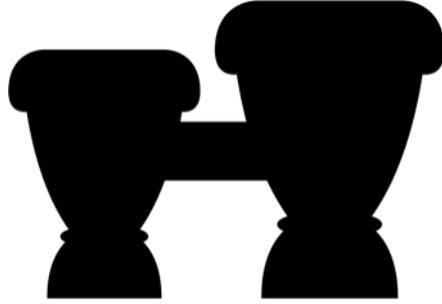

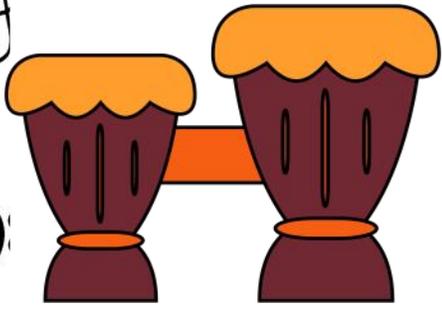

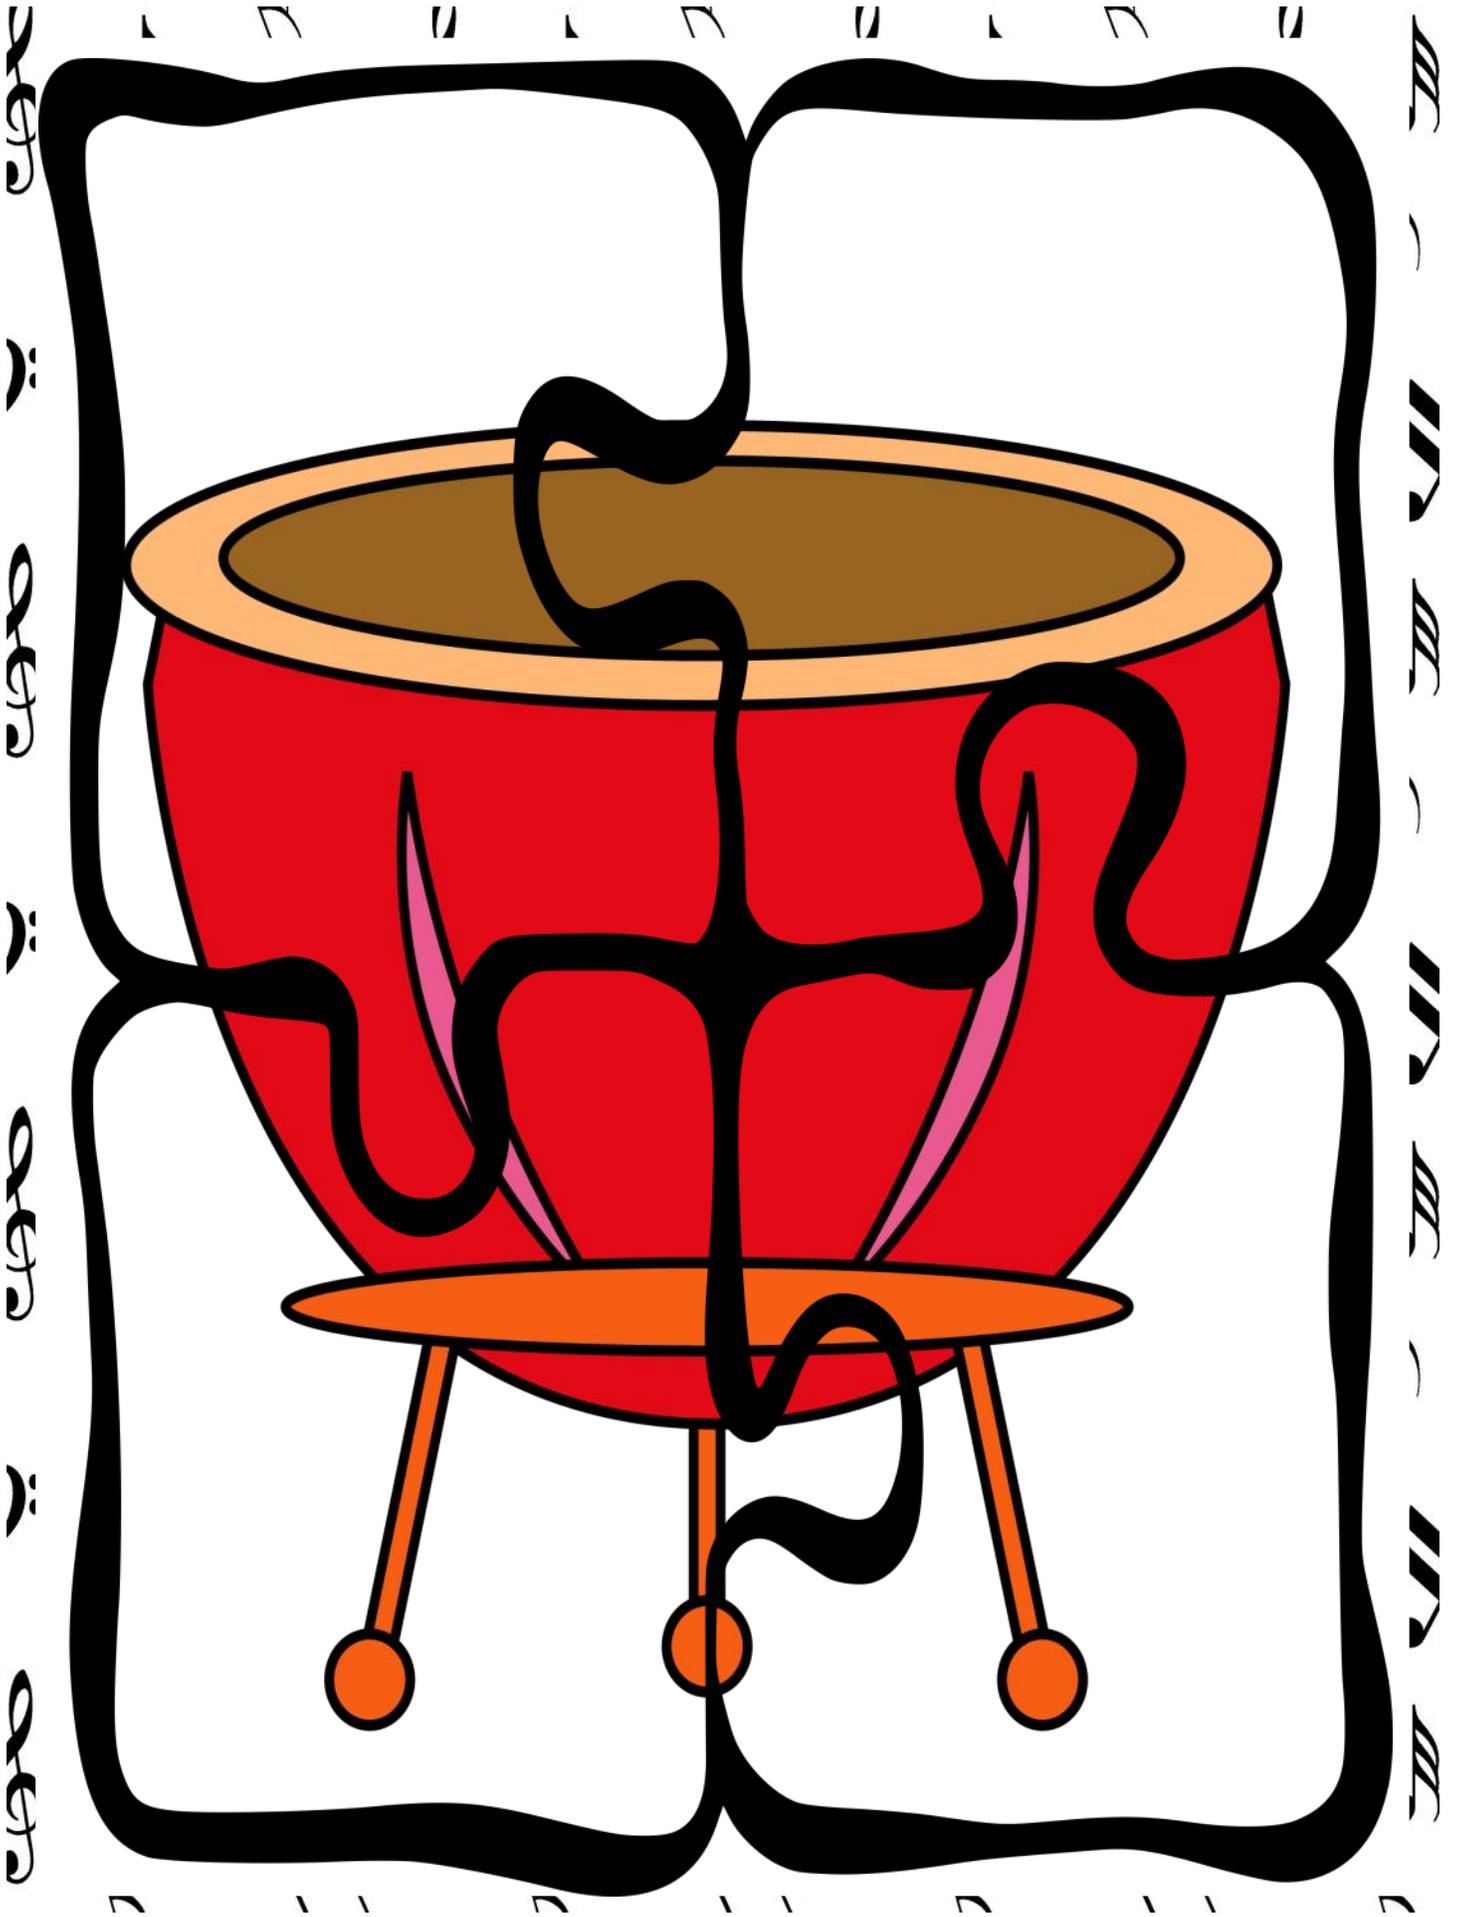

Print pages 10-12 and cut out the individual music cards and music shadow cards. Place them on the table upside down and each player flips two cards over on each turn. If a music card and its shadow match are found, the player claims it, if no match is found the cards are turned back over face down on the table. Play continues until all the matches are found.

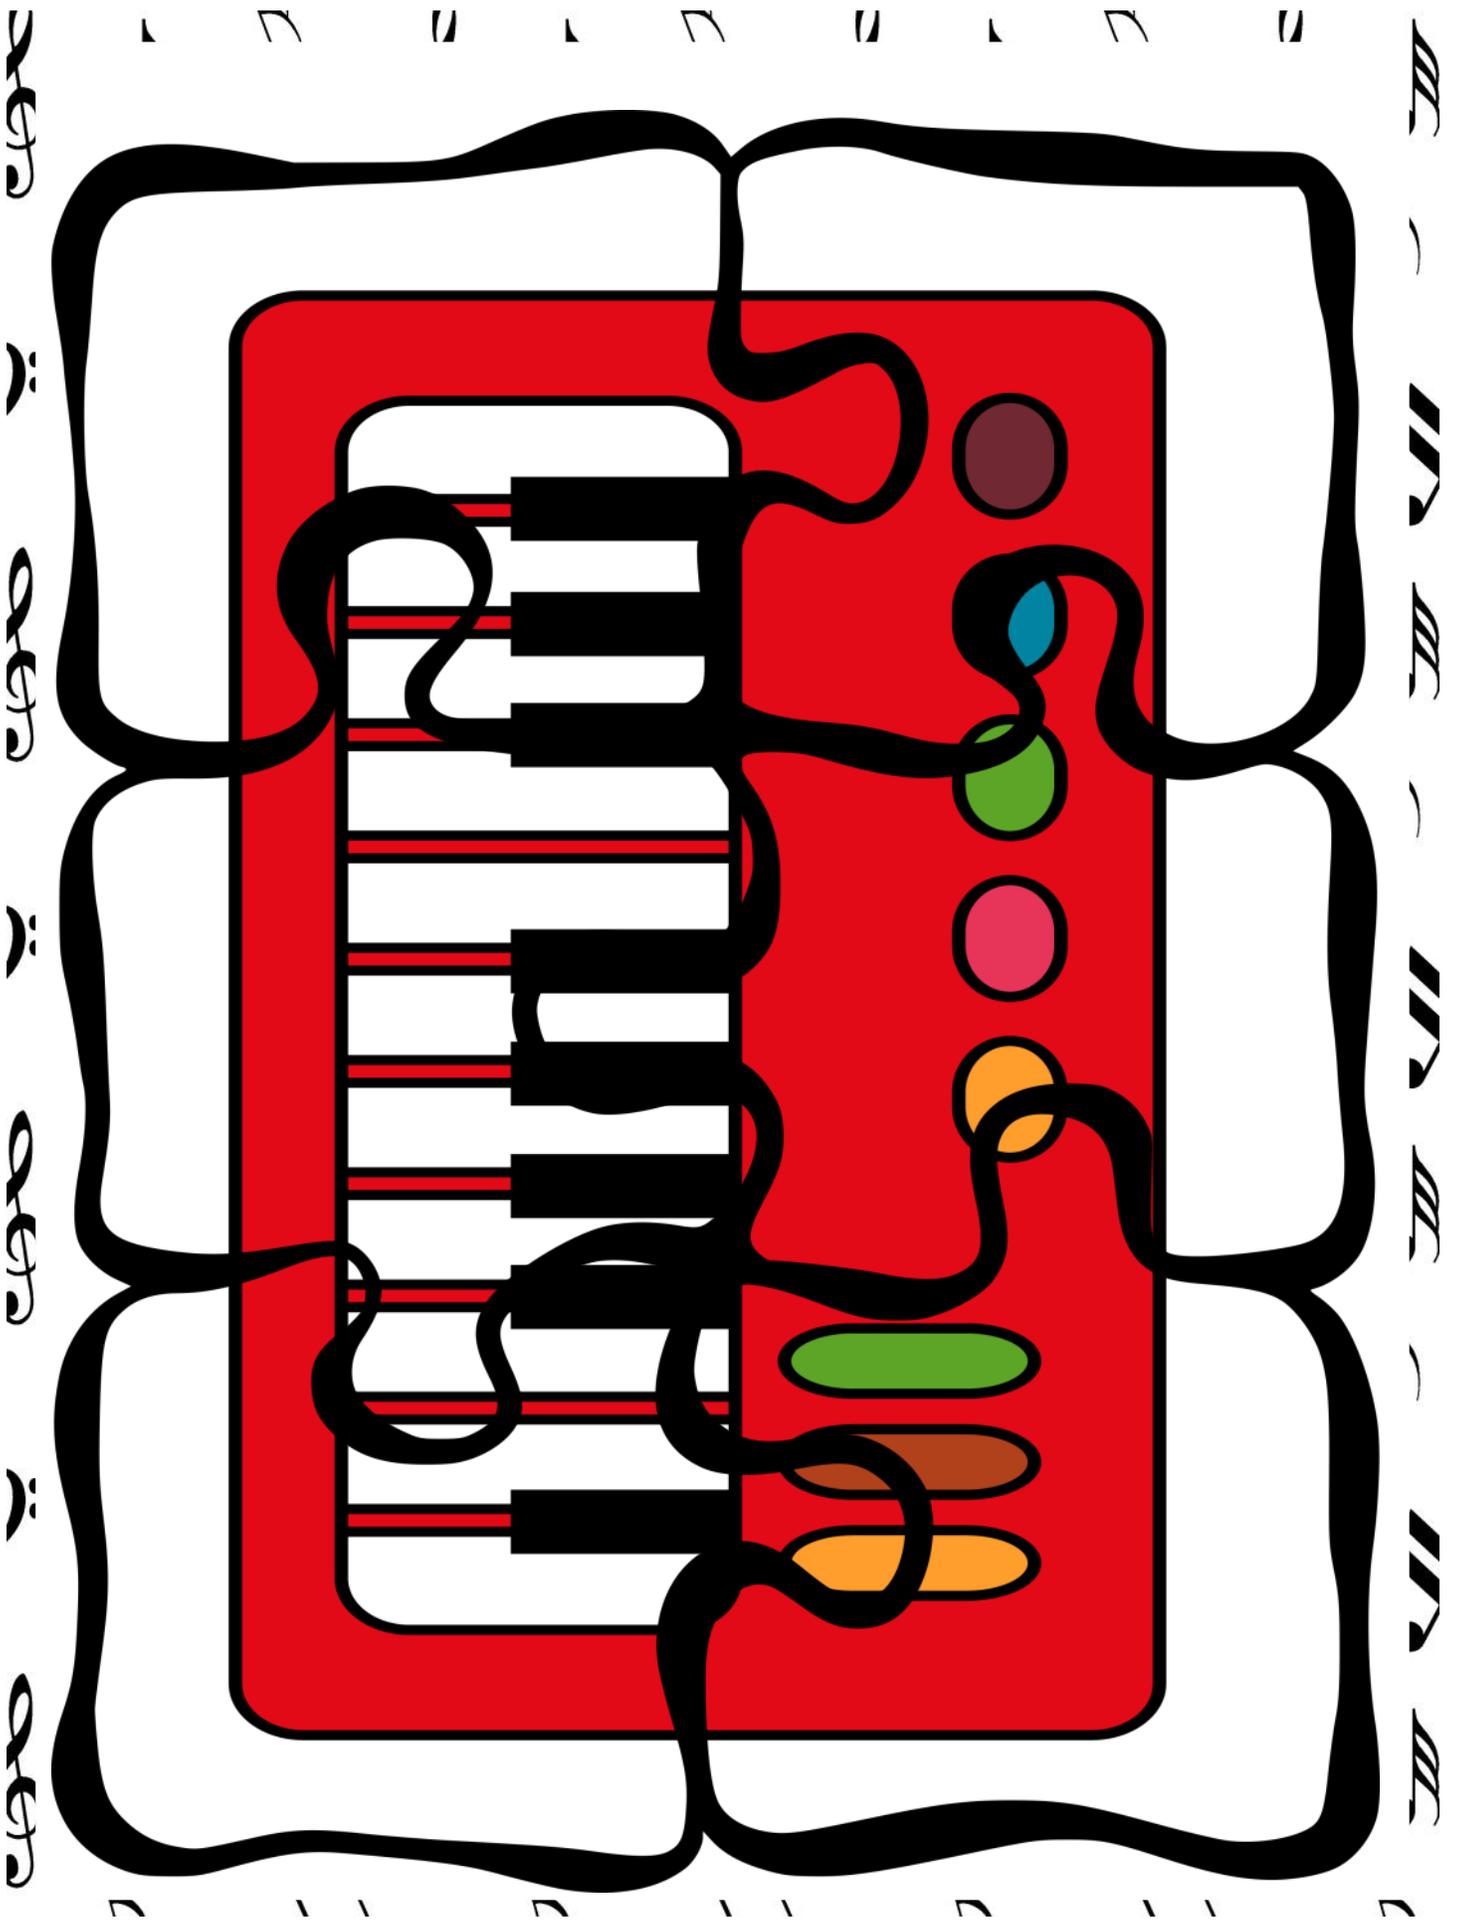

The winner is the player with the most matches at the end of the game.
